

FROM WINTER TO SPRING.

It May Be Delightful But Often It
Is Dangerous.

SOME OF THE PITFALLS.

One of the Best Physicians in the
Land Gives Some Timely Advice
to Those Who Are Making
the Change.

"Feel chilly, eh? Been out in the cold
too much, your blood does not circulate
freely, your system is run down; I
thought so."

"Almost everybody is that way just now
—inclined to melancholy and dismang-
aged—certainly everybody is that way just
at the change from Winter to Spring. Do
you understand? There has been a branc-
ing-up of the forces to meet the cold,
there is a decided letting down now.
Careful! If you do not watch that let-
ting down, you will go down with it."

The physician who made the above
sensible and honest remarks knew what
he was talking about. There is great
danger in the change from winter
to spring; danger not to the head, not to
the lungs, not to the stomach, but to the
kidneys. You may not realize this, but
it is true. Few people realize things
until they are face to face with them. There
is no question that if you feel this way,
your kidneys are out of order and you
have got to take the best known remedy
for those great organs that control the
body or suffer the consequences. The
remedy in question—for there is nothing
to dispute its claim—is Warner's Safe
Cure. It is the only known preparation
which will enable men and women to
pass from the dangerous state of winter
to the pleasant state of spring and still
keep their health, their vitality, and their
kidneys unimpaired.

After fearing the curse of these feel-
ings, you will not wonder that you are
cold, that you feel blue, that you have
been trying to get warm, altogether from
the outside. You want something in
your system that will give natural
warmth, natural health, natural strength,
and that will keep the blood circulating.
You should realize that Warner's Safe
Cure is the only thing that will accom-
plish this. It will stop your feverish-
ness, it will check your anxiety, dispel
your misgivings, feelings and all your dis-
tressing symptoms.

If you have the slightest doubt of the
truth of the above, you have only to see
what the Safe Cure has done for others
and you will find your doubts quickly
disappearing. If you do not, and it will
do, what we have ever done before,
and if you are a wise person you will be
warned in time, and accept the hints
which are above given.

FORECLOSE ON VINEWOOD.

A suit of Foreclosure Instituted in the
U. S. Circuit Court.

A suit of foreclosure on the Vinewood
park tract was filed in the United States
circuit court Saturday night. Robert
Kennedy filed a bill in chambers, making
Elizabeth Stiles, the administrator of
the estate of Frank G. Stiles, and C. W.
Ament, the defendants. The suit is one
to recover amounts aggregating \$8,000
and interest, with a deed to the property
as security, in favor of John C. Palmer
of Paris, Ill., who transferred it to the
plaintiff.

Other persons are made defendants to
the suit, who have a lien on the property
which Mr. Kennedy claims are junior to
it. Among these are Williams & Mc-
degraff, John Guthrie, L. C. Watson and
R. A. Randle.

THE MINISTERIAL UNION.

Chicken Fights and the Colored Man in
the Church Are Discussed.

The Ministerial union met in regular
session this morning in the Y. M. C. A.
parlor. Rev. H. L. Smith, the retiring
president, made a short speech in which
he thanked the ministers for their help.
Rev. A. S. Farlow, the new president,
then took charge and made a short
speech.

Reverends L. K. Billingsley, A. Whiteman,
Erickson, McNulty and Coward were
visitors at the meeting.

A short discussion was had on the sole-
mnity of meetings who do not attend the
meetings. It was decided to revise the
memberships. Rev. Mr. Embree said:

"The committee on membership will
please consider the departure of Rev. S.
L. Betts from the city and do the right
thing."

Rev. Mr. Alderson, chairman of the
committee that was delegated to see about
the disgraceful billboards and cigarette
signs reported that the committee had
inquired into the matter but had found
nothing definite about the law in this
regard. One member of the union sug-
gested that the committee keep an eye
on them, (not the billboards). The subject
of the next meeting was read. On April
2, Rev. M. C. Long of the Third Presby-
terian church, will read a paper on
"Christian Sociology." Rev. Mr. Nor-
ton, of the Swedish Lutheran church,
then arose and said: "What are we go-
ing to do about Hank Lindsey's police
enjoying these back fights?" The law
says that chickens aren't animals," put in
Rev. S. B. Alderson. Mr. Alderson con-
founds Police Captain Gish with the law.
Rev. J. C. C. Owen, of the Atwood M.
P. church, then read a paper on the "con-
dition of the colored people in America."
It was a carefully prepared paper, and
was full of interesting thoughts.

He said among other things, that it
took more grace to save a black man
than a white one.

Rev. Richard Wake, in the general
discussion said: "We make no distinction
as to color in my church."

Rev. Mr. Green (colored) said: "My
father told me once that the nigger
(Mr. Green pronounced it as spelled),
ought not to be educated. Now where
did he get that? Did he suck it through
his thumbs?" Not he was taught that by
the white people."

After a short prayer, the Union ad-
journed to meet on April 2, at which
time the hour for evening service will be
changed.

WM. GREEN AS A SOLON.

North-Siders Have Their Eyes on Him
for the Legislature.

Wm. Green, head of the well known
grocery firm of Green & Vale, who had
been talked of as a likely candidate for
councilman on the Democratic ticket in
the first ward, was not nominated at the
meeting of his party primaries Saturday
night, for the reason that the Democratic
party managers had decided that he was
the most available man to represent their
party in the contest for member of the
legislature from the north district at the
fall election.

There is, however, one element of un-
certainty about Mr. Green's candidacy
for the legislature, and that is that in
his position on prohibition and equal
suffrage is not quite clear from a Demo-
cratic standpoint and does not suit some
of the party managers, but Postmaster
Jack Arnold is for him and he says
Green is the only kind of a man that can
be elected.

The primaries Saturday night were
held at the engine house. T. M. Hanley
was chairman and H. G. Staley was secre-
tary of the meeting. Ted Small of the
American Legion was nominated as the
Party candidate for councilman.

Mr. A. J. Arnold, who is a Repub-
lican, but who had been nominated by the
Populists for member of the school board,
was nominated for the same position on
the Democratic ticket.

Arthur E. Collier was chosen as the
candidate for constable, and David Ward,
George Anderson and C. M. Hanley
were elected members of the city central
committee.
